

COOPERATIVE ECONOMIC INSECT SURVEY REPORT

Glenn A. Salsbury, Survey Entomologist

Report 7, Volume 54

17 April 2006

ALFALFA WEEVIL: Spraying is currently underway. The on again off again cold weather did not seem to hurt the population very much.

FORAGE LOOPERS: Still a large flight underway in Kiowa County.

PAINTED HICKORY BORER: Adults are now active.

EUROPEAN ELM BARK BEETLE: Adults are flying.

ASH/LILAC BORER: Adults are flying. Thirty-nine moths were caught in one trap from 5-15 April in Kiowa County.

WHEATHEAD ARMYWORM: A strong flight is still going on.

ELM LEAF BEETLE: None have been observed so far in Kiowa County.
